

PUDO+

More than just drop-off and pickup, PUDO+ is a smart, tactical extension of your field supply chain. Driven by Thinventory's unmatched reliability, innovation, and intelligence.

For operations leaders who need more than basic pickup and drop-off, PUDO+ extends Thinventory's trusted network to bring unmatched reliability, intelligent stock control, and real-time visibility, enabling smarter, faster, and more strategic distribution.

PUDO+ is an extension to our network, allowing customer to blend final mile delivery and deployment options for optimal placement.

With PUDO+, you can reduce delays, cut costs, and keep your operations one step ahead.

Boost

- ◆ **Flexibility:** Combine PUDO locations, lockers, and final-mile delivery options to match any operational scenario.
- ◆ **Oversized Items Flexibility:** Easily handle bulky stock with fit-for-purpose collection points when lockers are not an option.
- ◆ **Control:** Choose the right final mile option for your parts, whether locker or PUDO.

Reduce

- ◆ **Missed SLAs through missing parts:** Use PUDOs tactically based on stock type, engineer requirements and project needs.
- ◆ **Wasted Inventory:** Leverage Thinventory's fast return solutions to get parts back into stock quicker.
- ◆ **Urgent Shipping Costs:** Cut back on expensive last-minute shipments to site.

PUDO+

- ◆ **Flexible Final Mile Solutions:** Seamlessly blend locker, PUDO, and final-mile options using our trusted network, delivering the right part, to the right place, at the right time.
- ◆ **Proven Performance:** Backed by ThinInventory's industry-leading performance, PUDO+ ensures parts arrive where they're needed, when they're needed.
- ◆ **ThinInventory-Powered:** Enhance your PUDO operations with ThinInventory's advanced tools, driving smarter stock control, dynamic routing, and superior service levels.
- ◆ **Faster Returns:** Leverage solutions for accelerated returns processing, keeping inventory moving and reducing turnaround times.
- ◆ **Total Visibility:** Every part is scanned in and out, giving you full real-time visibility across your inventory.
- ◆ **App-Enabled Efficiency:** Eliminate collection delays with app-enabled PUDO access and simple engineer management, streamlining every interaction.
- ◆ **Oversized Item Ready:** When lockers aren't an option, PUDO+ handles larger parts effortlessly, helping you meet even the tightest SLAs.

PUDO+ is ideal for:

- ◆ Allowing customers to easily blend locker and PUDO delivery options, ensuring the most suitable solution is always available.
- ◆ Supporting a wide range of freight types, including oversized parts that don't fit standard locker formats.
- ◆ Providing centralised inventory holding for customers who need replenishment stock available over extended periods.

Key benefits

Optimised inventory

Intelligently position stock where and when it's needed, combining lockers, and PUDO locations for maximum flexibility.

Efficient Engineers

Flexible delivery options and real-time visibility, engineers spend less time waiting for parts, make fewer urgent calls, and complete jobs faster.

Intelligent Logistics

Combine dynamic stock positioning with flexible delivery options, ensuring parts are always optimally located across the network. Real-time visibility and reduce unnecessary movement, and support smarter, data-driven supply chain decisions.
